## COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing to Consider Adopting a Resolution/Order to Vacate a Portion of the Public Utility Easement in the Former Beckman Road Alignment

MEETING DATE: July 3, 2002

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt a resolution/order abandoning a portion of the public utility easement in the former Beckman Road alignment.

BACKGROUND INFORMATION: At its meeting of June 5, 2002, the City Council adopted a resolution of intention to vacate a portion of a public utility easement known as the "old " Beckman Road alignment, and referred the matter to the Planning Commission.

This abandonment is requested by the property owner to accommodate the construction of a building located as shown on the attached Exhibit A. When the street improvements to the "new" Beckman Road alignment were completed, the "old" Beckman Road right-of-way adjacent to Highway 99 was abandoned as a public street. As a condition of the abandonment, a public utility easement (PUE) was retained over the old roadway alignment to accommodate existing underground utilities. At the time of abandonment, the property owner, G-REM, Inc., had no plans to construct structures in the area being retained as a PUE. There has since been an unanticipated change in the development plans for the property and G-REM, Inc., has requested that a 49-foot by 103-foot portion of the PUE be abandoned to allow the construction of an automotive showroom as shown on Exhibit A.

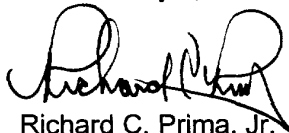

The Planning Commission will discuss this request for abandonment at its regularly scheduled meeting of June 26, 2002, which is after the deadline for the July 3, 2002 Council meeting packet. Therefore, the Planning Commission's recommendation will be presented at the Council meeting.

The proposed structure will not conflict with existing underground utilities (48-inch and 36-inch storm drain mains and 24-inch sanitary sewer main) which are located west and south of the proposed abandonment. City electrical poles and overhead services have been relocated to the remaining portion of the PUE west of the proposed abandonment.

The Water/Wastewater and Street divisions of the Public Works Department, City of Lodi Electric Utility Department, Pacific Bell, PG&E, and AT&T Broadband have approved the street abandonment without further comment.

G-Rem, Inc., and its associates hold the properties within the 300-foot radius of this public utility easement abandonment and have been advised of the City Council's July 3, 2002 Public Hearing.

FUNDING: Not applicable.
